## ICEBREAKER™ WINDSHIELD WASHER FLUID

### NO MESS. NO FUSS. NO CONFUSION. NO HASSLES.

- **Patented, non-flammable bulk product**  
(US 5,932,529 & CA 2,216,888)
- Non-flammable creates a safer work environment
- Small footprint bulk container eliminates the disposal cost of 1 gallon containers
- No mixing, ready to use, reduces the hassle of blending product
- Refill on service term that meets your needs
- **WINTER** blend provides freeze protection to -11°F
- **SUMMER** blend is an excellent bug and road grime remover

#### THE VALUE OF ICEBREAKER™

- It's **SAFER** to use
  - ICEBREAKER™ is a Class II combustible liquid (flashpoint  $\geq 100^{\circ}\text{F}$  and WILL NOT sustain combustion when tested in accordance with DOT regulations (Typical windshield washer fluid is a Class I flammable liquid (flashpoint  $< 100^{\circ}\text{F}$ ) and will burn if ignited)
- It's more **CONVENIENT**
  - ICEBREAKER™ is delivered in bulk and ready to use
  - Safety-Kleen truck delivers to location on selected service interval and tops off tank
  - No more wasting valuable time diluting concentrate
  - No more disposing of empty containers
  - No more trips to the auto parts store
- It's the **BEST VALUE**
  - Patented NON-FLAMMABLE product delivered in bulk can provide up to 20% savings
  - Eliminates landfill disposal expense of thousands of plastic bottles and cardboard boxes
  - Seasonal blend reduces pricing in warmer season

165 GALLON TANK  
(31" DIAMETER X 58" HT)

250 GALLON TANK
